

## **PTO Notes**

### **10/5/10**

- **SMART MONEY** – Smart Money is really taking off! The previous weekend sales were almost \$6,000! Look for the new brochure and order forms that have been sent home with the students. Also, in the future look for reloadable cards and a volunteer sign up sheet to sell smart money on the PTO website. Please participate in this program; the proceeds go toward operating cost of the school, at no extra cost to you.
- The PTO website will soon be updated. The server is being prepared for the new user friendly website. Look for the new design around Thanksgiving.
- Back to school night was a success and the PTO was able to sign up many new people for the PTO newsletter.
- The Scholastic book fair runs this week in the connector. The PTO will give \$8 to the students who participated in the 60 books over summer program.
- The PTO will soon address the need for some upgrades to our library. Look for more information in the future.
- The **FALL FESTIVAL** is on Friday October, 15, from 6-9 pm. The PTO is looking for donations of prepared soups, chili, Capri Suns, and water. Please bring donations to the gym before the fall festival. Volunteers are still needed to run games and activities. A new activity has been added this year for the older students. A game truck that allows students to play video games at the festival will be in the parking lot. Many activities are planned for the evening, including games, face painting, corn pool, music, game truck bake sale. Ident- a- Kid will be in the connector as well as the book fair! Please join the PTO for this great family event.
